APEX alveare power & energy

AS OF OCT 6, 2026 · AMOUNTS SUBJECT TO CHANGE

Front Range rebate cheat sheet.

Check your **electric utility first** — Longmont Power & Communications vs Xcel Energy. Sections below never mix.

1 · Longmont (LPC electric) — Efficiency Works · Longmont Power & Communications — VERIFIED

$1,500
Ducted Tier 1
Per system

$2,000
Ducted cold-climate Tier 2
Per system

$500/ton
Ductless cold-climate
$1,000/ton if replacing electric baseboard — one rate, not both

$3,000
Ground-source
Per system

Up to $600
Heat pump water heater
Replace electric/propane · $400 if replacing gas

$2,000
Bundling bonus
Heat pump + envelope upgrades within 6 months

Up to $500
Panel upgrade 200A+
Load-sharing device: $250

Up to $500
City EV charger (L2)
Apply by Nov 1, 2026

Note: Many Longmont homes have **Xcel gas** and may also qualify for the Xcel cold-climate heat pump rebate — see section 2. No city solar/battery $/kW rebate on this sheet.

2 · Xcel Energy — Cold-climate heat pump · electric and/or gas customers — VERIFIED

$1,500/ton
CCHP · Xcel gas-heat bonus
Homes heated with Xcel natural gas. Per AHRI heating ton at 5°F.

$750/ton
Without gas-heat bonus
Electric resistance / baseboard, etc. One rate per system, not both.

WHE · 25% bonus
Whole Home Efficiency
Audit → enroll → 3 qualifying upgrades within 2 years. Higher insulation track. Participating contractor required. Ask us for current caps.

3 · Boulder County EnergySmart — Income-qualified only in 2026 — VERIFIED

Market-rate ended
2026 market-rate incentives
No open market-rate EnergySmart rebate this year.

Up to 50% · max $2,000/yr
Income-qualified (≤100% AMI)
Of project cost after other incentives. Preapproval required.

4 · Colorado (any utility) — Statewide Heat Pump Tax Credit · claimed by registered contractor — VERIFIED

$333+
Air-source heat pump discount on invoice
From the $1,000 state credit our registered contractor claims (at least $333 passed through).

$83+
Heat pump water heater discount on invoice
From the $250 state credit (at least $83 passed through).

Know your **utility** LPC · Xcel or other

START HERE · THEN STACK WHAT FITS

Utility rebate + Colorado invoice discount + WHE / EnergySmart when you qualify

Rebates **cannot exceed project cost**. Confirm eligibility on your utility account before you buy.

Efficiency Works (LPC): use a participating installer; home typically ≥1 year old; apply within 45 days of install; projects over $2,500 may need pre-approval. Xcel CCHP: install & invoice by Dec 31, 2026; applications through Sept 30, 2027; COP at 5°F ≥ 1.75; 5°F capacity ≥ 70% of 47°F. Federal 25C / 25D / 30C credits have ended — not claimed on this sheet.
